LAXMI DEVI MUNDRA PUBLIC SCHOOL

UNDER THE AEGIS OF SHRI MAHALAXMI SHIKSHAN
SANSTHAN, **ESTABLISHED SINCE 1920**

AN ENGLISH MEDIUM, CO-EDUCATIONAL SCHOOL

Mr. Manohar Lal Punglia

President's Desk

"It is easier to build strong children than to repair broken adults." ~ F. Douglas

LDM over the years had carved out an identity for itself as an institution. Beyond providing a sound education, the school focus on creative, critical thinking of Students.

"Be not afraid of growing slowly, be afraid of standing still."

We believe the future success of students is of paramount importance and also preparing Students for higher level Studies.

Holistic development is a comprehensive approach in learning which aims to develop multiple facets or abilities of a human brain. Conventional educational and learning systems aim at the development of intellectual capabilities only. But holistic growth aims at the development of physical capabilities, intellectual abilities, cognitive or mental abilities, emotional abilities, and social skills. The school propels the best possible way for the holistic development of students and my heart fills with pleasure as I perceive the progress being made at LDM school.

I am proud of every Staff member who had devotedly contribute to the running of this organisation. It is their hard work, care and duty that pump blood into the heart of institution.

Secretary's Desk.....

"One spark is all you need,

To kindle a revolution,

To illuminate a firework, or spot a constellation.

We welcome the future, with the spirit of change.

As a spark is enough

To ignite the Night stage"

At the onset, I feel immense pleasure to greet all parents, staff and students associated with LAXMI DEVI MUNDRA PUBLIC SCHOOL.

At LDM we shape and enable students to evolve and excel not only as unparalleled doctors, engineers, technocrats and leaders in the society but also as responsible and truthful citizens of the Nation. We induce value-based education which creates a stable and solid learning environment that augments academic achievement along with infusing social and relationship skills that help them to always grow.

The sole purpose of the Management Committee is to put a quality education within the reach of every learner especially the weaker section of the society by apportioning best facilities affordably. I believe there is no higher calling than imparting education and providing that spark to youngsters to emerge.

As it is rightly quoted by Dante Alighieri "A mighty flame followed a tiny spark".

Mr. Anurag Lohiya

Principal's Message

Education is a fundamental aspect of human development and is an essential tool for achieving personal and societal goals. It is a lifelong process that involves acquiring knowledge, skills, values, and attitudes through various learning experiences. Education is the cornerstone of every society, and it is crucial for economic growth, social development, and individual prosperity.

At LDM we provide an atmosphere to our students for multi-faceted development where students are encouraged to channelize their potential in pursuit of excellence. We aim to provide a comprehensive and a global approach to the students so as to make them well equipped, to face the cut throat competition in every walk of life. We believe in upholding high standards with an absolute commitment that we march our students ahead with ethos of moral values and principles. Our curriculum is designed to promote critical thinking, creativity, and problem-solving skills. We offer a wide range of courses, including language arts, mathematics, social studies, science, and the arts, to cater to the diverse needs of our students.

We also provide a range of extracurricular activities, including sports, music, drama, and community service, to help our students develop their talents and interests outside of the classroom. These activities also help foster a sense of community and belonging among our students.

We believe that education is not only about acquiring knowledge but also about developing good character and values. Our school has a strong emphasis on promoting ethical behavior, respect for diversity, and social responsibility. We encourage our students to be responsible citizens who are committed to make a positive difference in the world. As the Principal of the school I feel honoured and privileged to be part of the Institution and I look forward to your enhanced participation and contribution in our future endeavours in the upcoming academic year.

Vice Principal's Pen.....

“Building a positive attitude begins with having confidence in yourself.” —Roger Fritz

When you approach challenges with a positive attitude, you are more likely to find solutions and overcome obstacles. You'll be able to think creatively and find ways to make things work, even when faced with difficult situations. And when you do succeed, you'll feel a sense of accomplishment and pride that will inspire you to keep going. It means seeing the best in yourself and others, and striving to do your best in everything you do.

When you have a positive attitude, you are more likely to have better relationships with your peers, teachers, and family members. You are also more likely to be successful in your studies and achieve your goals.

So, I encourage each and every one of you to cultivate a positive attitude. Start by focusing on the good in your life and the things that make you happy. Look for opportunities to learn and grow, and don't be afraid to take risks and try new things. And when things don't go as planned, don't give up. Instead, keep a positive outlook and keep pushing forward.

Remember, a positive attitude is contagious. When you have one, you can inspire others to have one too. Let's work together to create a culture of positivity and support at our school and watch how your life begins to change for the better.

Thank you for your attention, and I wish you all the best in your academic journey.
